

Week 1: Lights, Camera, Action
July 2-5 (no program on July 1)
Fee: \$200

Children will spend the week creating and developing artwork with a variety of materials. The children will display their work in their art gallery. Artist Priti Mistry will provide the children with a systematic art activity to create their own paintings. Parents can enjoy touring the art gallery throughout the week as children continue to display their masterpieces!

Week 2: Game On!
July 8-12 | Fee: \$235

Children get their body, minds and soul in the game, not only in sports, but also in bringing board games and video games to life. It is all about games and sports this week!

We will go on a field trip to Oakville Putting Edge for a fun game of glow in the dark mini golf.

Week 3: Exploring with Lego
July 15-19 | Fee: \$235

This week is all about LEGO! What more can we say! Children will experience hands-on learning through the use of Lego and build their knowledge in the areas of science, math, language, collaboration, communication, creativity, critical thinking and problem solving. Children will visit the Legoland Discovery Centre for a fun filled day of building!

Week 4: Water, Water, Water
July 22-26 | Fee: \$235

Splish, splash we are having a week full of water fun! Children will explore, experiment and enjoy water in a variety of ways. The children will also enjoy a swimming day at the Iroquois Ridge Community Centre Pool. This week we will also develop, create and enjoy a car wash day.

Week 5: Rock Climbing Adventure
July 29-August 2 | Fee: \$235

Calling all climbers! Let's get ready to climb the wall by exploring body movement through modern yoga, physical literacy activities and simple dance. At Climer's Rock the children will learn all about and experience the exciting adventure of rock and wall climbing. What a great way to end the week!

Week 6: Reptiles
August 6-9 (No program on August 5th)
Fee: \$200

This week we learn all about reptiles, amphibians and invertebrates! We will introduce children to spectacular species from around the world and highlights their adaptations for survival in a wide variety of ecosystems. Ray's Reptiles will join us for an exciting show as we visit with different reptiles, amphibians and invertebrates up close!

Week 7: Science Adventure
August 12-16 | Fee: \$235

Calling all Scientist as we investigate through a variety of science activities and experiments. Children will be exploring hands on, all week long.

"Mad Science" will join us this week to explore hands-on science experiments.

Week 8: Recycling & Building- Let's see what you can do!
August 19-23 | Fee: \$235

Children will start with a "surprise" recycled item to plan and create, using their imaginations and other recycled materials. They will visit a local recycle centre to bring back items to add to their surprise as they develop their ideas together. Imagine what they can build from robots to buildings to games to anywhere they want to go.

Reminders

- Bring a nut free lunch and snacks
